Albright College and Information Technology Services is dedicated to bringing technology training to our campus community. We are excited to announce through a partnership with Atomic Learning, all faculty, staff and students have access to Atomic Learning on-line training resources. Atomic Learning’s just-in-time technology training includes step-by-step tutorials, workshops and integration projects. Available 24/7 from campus or home, Atomic Learning creates flexible learning opportunities that make it easy to embrace technology and develop skills for success at school, at work and in life. Below is the information you need to know to get started.

**How do I access Atomic Learning training?**
Use this link in your browser: https://secure2.atomiclearning.com/sso/shibboleth/albright
